FOREWORD

The statistical information contained in this report is compiled from the financial statements submitted to Alberta Municipal Affairs by every city, town, village, summer village, county and municipal district in Alberta. Information regarding improvement districts and special areas is taken from department records.

All financial data is for the period January 1, 1974 to December 31, 1974. The report format is the same as previous years. However, the classifications changed in 1974 to those entered in the Alberta Municipal Affairs publication — A Financial Information System For Municipalities.

The City of Lloydminster continues to report to the Province of Saskatchewan, for administrative reasons, leaving nine cities covered by the statements in this report.

The Village of Airdrie was formed into a town, effective May 1, 1974, thereby increasing the number of towns for reporting in 1974 to 103.

The number of administrative units in the remaining categories are 167 villages, 30 counties, 18 municipal districts, 24 improvement districts and 3 special areas.
